OTHER	No Response	
Member of Public	Photos 3 and 4 of Birch wood are transposed	Comment unclear. Photos 3 and 4 were taken by author. Sources for photos not belonging to author are indicated accordingly
Member of Public	At Denham Wood: It would be good to see more track/paths/trails added in future. A footpath link to Bere Alston would be good, meaning people don't have to drive to the wood. Perhaps also a footbridge connecting across to national trust wood on the other side of the river.	Not a Forest Plan issue. Comment has been passed to Beat team and District Recreation Lead.
